Forecast for Sunday 17 Dec 2023

Weather: Cloudy with outbreaks of rain, these mostly light and sporadic across Angus and Aberdeenshire hills. Further west, the rain will become heavier and more persistent, especially over western Perthshire. Very windy conditions.

Chance of cloud-free hill tops above 800m: 10% for most ranges, 40% over Aberdeenshire hills.

Low Cloud and visibility: Extensive cloud above 600m in the west and 800m in the east with patches on lower slopes. Away from cloud, visibility will be hazy, occasionally poor in rain.
